# Get organised with Organised.

Organised is an organisation system geared towards university students who feel the need to get organised in their university and/or professional life.

Developed by a university student for university students, Organised aims to be the BFF who helps you with productivity and organisation to get the most out of your time.

Your Profile.
Good Afternoon Agne.

🎓 **Organised Marks.**

Number of Assignments:

61

Number of Modules:

18

🕐 **Organised Time.**

Time spent Organised:

29 days 3h 10min

Busiest Week:

Year 2 Semester 1: Week 10 (52h)

📅 **Organised Schedule.**

Number of Events:

206

Busiest Period:

Year 2 Semester 1 (129 events)

✓ **Organised Tasks.**

Number of Tasks:

296

Tasks Completed:

226

Organise your Marks, Time, Schedule & Tasks to track progress in a convenient way and analyse statistics regarding your work.

Organised covers such aspects as mark calculation, productive time tracking, event scheduling and task organisation all in one place.

Your Marks Organised.

Add your Years, Modules & Assignments. When you complete your assignments, add your marks to Organised and get grade calculations for each Module and each Year.

Get your Module, study Year and the whole degree marks organised easily. Observe the relevant statistics and adapt your course of action accordingly.

✏️ Edit Year

➕ Add Module

COM1001

Grade: 85.3%

Semester: All Year

Complete: 100.0%

Credits: 20

··· More

COM1002

Grade: 73.9%

Semester: All Year

Complete 100.0%

Credits: 20

··· More

COM1003

Grade: 84.8%

Semester: All Year

Complete 100.0%

Credits: 20

··· More

Reuse the information you provide to automatically associate Modules and Years with your study Periods whilst tracking your time, creating tasks and scheduling events.

Your Time Organised.

Add your Periods (such as Year 1 Semester 1, Year 2 Spring Vacation, etc.) and track how much time you spend productively during the day.

Track your time with an embedded timer, which allows you to update the relevant day without distractions or having to leave Organised.

Year 2: Semester 1
Week 11 2020 Dec 7 - Dec 13   ‹ | ›

ⓘ Module Information

＋ Add Event

Time	Monday 12/07	Tuesday 12/08	Wednesday 12/09	Thursday 12/10	Friday 12/11
09:00 - 10:00	Synchronous Session				Recap Session
10:00 - 11:00		Recap & Tutorial		Python Labs	
11:00 - 12:00	Recap Session				
12:00 - 13:00			SSLCom Meeting	Python Labs	Tutorial Session
13:00 - 14:00	Tutorial Q&A			Testing Meeting	Recap Session
14:00 - 15:00		Programming Support	Testing Meeting		
15:00 - 16:00					
16:00 - 17:00					Testing Deadline

Understand where you have to be and when from a single glance but have the option to inspect an Event in a user-friendly environment.

Such events as lectures, which repeat over multiple weeks, can be added as recurring events to save time, which can be spent productively.

Your Tasks Organised.

Add Tasks as to your Periods and always be Organised with your activities. Observe your progress and know what needs to be done when.

Tasks which need to be repeated in multiple weeks can be added as recurring Tasks, in the same manner as recurring Events.
